Host Bar Estimates	Price/ Guest
Prior to dinner only - estimate 2 drinks/guest @ \$6.75 average drink price	\$13.50
During the entire event - estimate 6 drinks/guest @ \$6.75 average drink price	\$40.50
Host bar estimates are based on historical averages, recognizing that weddings have a great mix of guests, with those who have a few drinks and wine with dinner, while others will have more than 6. You know your guests better than we do, however, we have found this rule of thumb to be accurate in most cases. The final invoice will be adjusted to reflect actual consumption following the wedding.	

Please add HST to the above prices.
